## BUILDING PERMIT EXTENSION REQUEST

ASSESSOR'S PARCEL NUMBER: \_\_\_\_\_ PERMIT NUMBER: \_\_\_\_\_

I have been unable to begin or complete the work on my project. Therefore, I am requesting an extension of my Building Permit.

**I am aware that I am allowed only one (1) extension of six (6) months and if at the end of that time the work is still not started or completed and I have not had any inspections during that time, my permit will be expired. I can keep my permit active by having at least one (1) inspection during that time.**

If my permit is cancelled, I will have to renew it at the current fees and current building codes at the time of reapplication.
