Effective July 1 2021

Definitions and Guidelines:

- Currently permitted food facilities will remain exempt from temporary health permit fees.
- If an event **Sponsor/Organizer** also has a food both, they will be charged the appropriate vendor fee in addition to the sponsor fee.
- The **Sponsor/Organizer** of the event must submit a Sponsor Permit Application if there are 2 or more food vendors participating in the temporary event.
- **Low risk food** vendors may include the following: Prepackaged non-potentially hazardous foods including candy, bottled water and bottled/canned beverages, beer and wine; Cottage Food industry items; a majority of bakery items (except cream filled pies, cheese cake, pumpkin pie, lemon bars, custards, etc.); coffee (dairy products may change the process); commercially fully cooked hot dogs & commercially processed hot dog condiments (i.e. ketchup, mustard, relishes, canned chili); nachos with commercially canned cheese sauce & jalapeno peppers.
- **Low risk foods** would be items that haven't normally been associated with foodborne illness. That would include most dry goods like crackers, flour, **sugar**, grains, breads, candy, dry beans and **dried fruit**. Fresh unprocessed fruits and vegetables are generally considered low risk.
- **Low risk foods** are less-likely to cause [food poisoning](#) because they have (1) [high acid content](#) (pH 4.5 or lower), or (2) low water content. Low risk foods spoil due to their chemical [composition](#) (not microbiological activity) and usually have a 'best before' date.
- **Veterans** are exempt from permit fees unless they are selling/serving alcohol.
- **“Food”** means a raw, cooked, or processed edible substance, ice, beverage, an ingredient for use or for sale in whole or in part for human consumption, and chewing gum (CRFC: 113781).
