Topic: Transition Age Youth

1p- 4:45p **Provider Networking Event**
Training: Developing a Welcoming Environment

Monthly Learning Community: In order to create a community of learning, MHSA Innovation Steering Committee members and RDA will facilitate learning communities on topics related to cultural competency and specific cultural groups, stigma reduction, and behavioral health integration. Learning Communities will be open to Steering Committee members, LCBH and partner agency staff, and other MHSA Stakeholders.

Quarterly Provider Networking and Training Event: This event will provide a regular opportunity for Steering Committee members, LCBH and partner agency staff, and other MHSA Stakeholders to:

1. Foster communication and relationships between community members, target groups, and service providers
2. Communicate project status updates, data, and results of the Innovation project
3. Provide training to support the development of a more welcoming, engaging, and culturally relevant integrated service delivery experience
