My education and qualifications are:

As a lifelong Kelseyville resident, I want to see us retain the small town feel that makes Lake County such a great place to live, work, raise a family and retire.

While preserving the best of Lake County, we also need to pave the way for economic growth and greater prosperity. Too many young people are forced to move away because Lake County lacks good paying jobs.

I ask for your vote to put Lake County residents first. As your Supervisor, I will:

Support Local Jobs: Stop the County from outsourcing jobs and contract work. Our local tax dollars should be used to help Lake County families not to enrich outsiders from the San Francisco Bay Area.

Strengthen Fire Protection: Work with our First Responders to improve fire prevention services and emergency preparedness – especially in our Soda Bay corridor and Cobb Mountain communities.

Improve Local Roads: As your Supervisor, I will meet regularly with our road department to expedite needed road improvements.

Personal: Kelseyville High School graduate. Married my high school sweetheart Janelle Bennett. Blessed with 6 children. Actively involved at Grace Church. Contractor and Homebuilder with Glenn Bridges Construction.

My education and qualifications are:

Your vote for me will ensure continued successes for Lake County, which we have diligently worked toward together for the past three years. I bring quality leadership, strong teamwork, and proven results to the Board of Supervisors. I am not afraid of the long, hard work that is before us. I have the energy, dedication, and experience that is necessary to propel Lake County into a vibrant future. I have always believed in proactive planning, building resiliency, and having those difficult conversations.

The economic health of Lake County is the foundation of a thriving community. Through collaborative effort and historic investments, I am proud of what we have accomplished in obtaining once-in-a-lifetime grant opportunities - we have built up our reserves and have a budget surplus for the first time, ever. We continue to fill County vacancies with high-caliber staff, and we now have a 10-year plan in place to implement the much-needed repairs to our roads. We have received grant funding for a Climate Adaptation Plan and hired a first-in-the-state Climate Resiliency Officer. These are only a few of the many strides we are making. Your vote for me will make sure we continue on this exciting journey. [www.supervisorjessicapyska.com](http://www.supervisorjessicapyska.com)
